Independent auditor's report to the unitholders of Ruffer Total Return International – Australia Fund	24

These financial statements cover Ruffer Total Return International – Australia Fund as an individual entity.

The Responsible Entity of Ruffer Total Return International – Australia Fund is The Trust Company (RE Services) Limited (ABN 45 003 278 831 AFSL 235150), part of the Perpetual Limited group of companies. The Responsible Entity's registered office is Level 18, Angel Place, 123 Pitt Street, Sydney NSW 2000.

Directors' report

The Trust Company (RE Services) Limited (ABN 45 003 278 831) (AFSL 235150) is the responsible entity (the "Responsible Entity") of the Ruffer Total Return International – Australia Fund (the "Fund"). The directors of the Responsible Entity (the "Directors") present their report together with the financial statements of the Fund for the period August 6, 2020 to June 30, 2021.

Principal Activities

The Fund is a registered managed investment scheme domiciled in Australia.

The Fund invests in Ruffer Total Return International, a sub fund of Ruffer SICAV (Underlying Fund), and in cash or cash equivalents. Ruffer SICAV is a Luxembourg open-ended investment company (SICAV). As the Fund will hold and deal in shares of the Underlying Fund, all investment and trading activity is undertaken at the Underlying Fund level.

The Fund was constituted on August 6, 2020 and commenced operations on December 24, 2020.

The Fund did not have any employees during the period.

There were no significant changes in the nature of the Fund's activities during the period.

Directors

The Directors of The Trust Company (RE Services) Limited during the period and up to the date of this report are shown below. The Directors were in office for this entire period except where stated otherwise:

Name	Position	Notes
Glenn Foster	Director	Resigned as Director on October 23, 2020 Appointed as a Non-executive Director on February 1, 2021
Richard McCarthy	Director	
Simone Mosse	Director	
Vicki Riggio	Director	
Phillip Blackmore	Alternate Director	Alternate Director for Vicki Riggio

Review and results of operations

During the period, the Fund invested in accordance with the investment objective and guidelines as set out in the governing documents of the Fund and in accordance with the provision of the Fund's Constitution.

Results

The performance of the Fund, as represented by the results of its operations, was as follows:

	For the period August 6, 2020 to June 30, 2021
Operating Profit/(loss) (\$)	96,628

No distributions relating to the period were paid or are payable.

Significant changes in state of affairs

The Directors continue to assess the potential financial and other impacts of the coronavirus ("COVID-19") outbreak to the Fund. The current high-level of uncertainty regarding the severity and length of COVID-19 on investment markets has impacted investment outcomes and increased volatility in investment performance during the period.

At the date of signing, the future impacts of COVID-19 on global and domestic economies and investment market indices, and their resulting impact on the Fund are uncertain. The Directors and management will continue to monitor this situation.

On February 1, 2021, Glenn Foster was appointed as a Non-executive Director.

In the opinion of the Directors, there were no other significant changes in the state of affairs of the Fund that occurred during the period.

Directors' report (continued)

Matters subsequent to the end of the financial period

No matter or circumstance has arisen since June 30, 2021 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Fund and in accordance with the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnification and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Fund in regard to the insurance cover provided to either the officers of the Responsible Entity or the auditors of the Fund. So long as the officers of the Responsible Entity act in accordance with the Fund's Constitution and the *Corporations Act 2001*, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

The auditors of the Fund are in no way indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of Fund's property during the period are disclosed in Note 12 of the financial statements.

No fees were paid out of the Fund's property to the Directors of the Responsible Entity during the period.

The number of units in the Fund held by the Responsible Entity or its associates as at the end of the financial period are disclosed in Note 12 of the financial statements.

Units in the Fund

The movement in units on issue in the Fund during the period is disclosed in Note 7 of the financial statements.

The value of the Fund's assets and liabilities is disclosed in the Statement of financial position and derived using the basis set out in Note 2 of the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

Rounding of amounts to the nearest dollar

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* issued by the Australian Securities and Investments Commission ("ASIC") relating to the "rounding off" of amounts in the Directors' report. Amounts in the Directors' report have been rounded to the nearest dollar in accordance with that *ASIC Corporations Instrument*, unless otherwise indicated.

A copy of the Auditor's Independence Declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of the Directors of The Trust Company (RE Services) Limited.

Auditor's independence declaration to the directors of The Trust Company (RE Services) Limited as Responsible Entity for Ruffer Total Return International - Australia Fund

As lead auditor for the audit of the financial report of Ruffer Total Return International - Australia Fund for the period from 6 August 2020 to 30 June 2021, I declare to the best of my knowledge and belief, there have been:

- a. no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b. no contraventions of any applicable code of professional conduct in relation to the audit.

1 General information

These financial statements cover the Ruffer Total Return International - Australia Fund (the "Fund") as an individual entity. The Fund was constituted on August 6, 2020 and commenced operations on December 24, 2020. The Fund will terminate in accordance with the provisions of the Fund's Constitution.

The Trust Company (RE Services) Limited (ABN 45 003 278 831) (AFSL 235150) is the responsible entity of the Fund (the "Responsible Entity"). The Responsible Entity's registered office is Level 18 Angel Place, 123 Pitt Street, Sydney, NSW 2000.

The investment manager of the Fund is Ruffer LLP (the "Investment Manager").

The investment objective of the Fund is to achieve low volatility and positive returns from an actively managed portfolio. The Fund invests in Ruffer Total Return International, a sub-fund of Ruffer SICAV (Underlying Fund), and in cash or cash equivalents.

The financial statements of the Fund are for the period August 6, 2020 to June 30, 2021. The financial statements are presented in the Australian currency.

The financial statements were authorised for issue by the directors of the Responsible Entity (the "Directors of the Responsible Entity") on September 22, 2021. The Directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001* in Australia. The Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The Statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and financial liabilities at fair value through profit or loss.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within twelve months, however, an estimate of that amount cannot be determined as at period end.

(i) Compliance with International Financial Reporting Standards ("IFRS")

The financial statements of the Fund also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

(ii) New and amended standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial period beginning August 6, 2020 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

(b) Financial instruments

(i) Classification

- Financial Assets

The Fund classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The Fund's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Responsible Entity to evaluate the information about these financial assets on a fair value basis together with other related financial information.

2 Summary of significant accounting policies (continued)

(b) Financial instruments (continued)

(i) Classification (continued)

- Financial Assets (continued)

For equity securities, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

- Financial Liabilities

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost (management fees payable and due to brokers).

(ii) Recognition and derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

The Fund derecognises a financial liability when the obligation under the liability is discharged, cancelled, expired or when there is substantial modification.

(iii) Measurement

At initial recognition, the Fund measures financial assets and financial liabilities at fair value. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in the Statement of comprehensive income.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the financial assets or financial liabilities at fair value through profit or loss category are presented in the Statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

Further details on how the fair value of financial instruments are determined are disclosed in Note 4.

(iv) Impairment

At each reporting date, the Fund shall measure the loss allowance on financial assets at amortised cost (cash and cash equivalents, due from broker and receivables) at an amount equal to the lifetime expected credit losses ("ECL") if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month ECL. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the net carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

(c) Net assets attributable to unitholders

Units are redeemable at the unitholders' option, however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders.

The units can be put back to the Fund at any time for cash based on the redemption price.

The units are carried at the redemption amount that is payable at balance sheet date if the holder exercises the right to put the units back to the Fund. This amount represents the expected cash flows on redemption of these units.

2 Summary of significant accounting policies (continued)

(c) Net assets attributable to unitholders (continued)

Units are classified as equity when they satisfy the following criteria under *AASB 132 Financial instruments: Presentation* :

- the puttable financial instrument entitles the holder to a pro-rata share of net assets in the event of the Fund's liquidation;
- the puttable financial instrument is in the class of instruments that is subordinate to all other classes of instruments and class features are identical;
- the puttable financial instrument does not include any contractual obligations to deliver cash or another financial asset, or to exchange financial instruments with another entity under potentially unfavourable conditions to the Fund, and it is not a contract settled in the Fund's own equity instruments; and
- the total expected cash flows attributable to the puttable financial instrument over the life are based substantially on the profit or loss.

The Fund's units have been classified as equity as they satisfied all the above criteria. This has been consistently applied during the period.

(d) Cash and cash equivalents

Cash comprises deposits held at custodian banks. Cash equivalents are short-term, highly liquid investments with an original maturity of three months or less that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Fund's main income generating activity.

(e) Subscriptions made in advance

Subscriptions made in advance represents the application of subscriptions made to the Underlying Fund in advance for the year ended June 30, 2021.

(f) Investment income

Interest income from financial assets at amortised cost is recognised on a time-proportionate basis using the effective interest method and includes interest from cash and cash equivalents.

Dividend income from financial assets at fair value through profit or loss is recognised in the Statement of comprehensive income within dividend income when the Fund's right to receive payments is established.

Dividend income is recognised on the ex-dividend date with any related foreign withholding tax recorded as an expense. The Fund currently incurs withholding tax imposed by certain countries on investment income. Such income is recorded gross of withholding tax in the Statement of comprehensive income.

Other changes in fair value for such instruments are recorded in accordance with the policies described in Note 2(b) to the financial statements. Other income is recognized on an accruals basis.

(g) Expenses

All expenses, including management fees are recognised in the Statement of comprehensive income on an accrual basis.

(h) Income tax

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unitholders.

(i) Distributions

Distributions are payable as set out in the Fund's offering document. Such distributions are determined by the Responsible Entity of the Fund. Distributable income includes capital gains arising from the disposal of financial instruments. Unrealised gains and losses on financial instruments that are recognised as income are transferred to net assets attributable to unitholders and are not assessable and distributable until realised. Capital losses are not distributed to unitholders but are retained to be offset against any realised capital gains.

Financial instruments at fair value may include unrealised capital gains. Should such a gain be realised, that portion of the gain that is subject to capital gains tax will be distributed so that the Fund is not subject to capital gains tax.

Realised capital losses are not distributed to unitholders but are retained in the Fund to be offset against any realised capital gains. If realised capital gains exceed realised capital losses, the excess is distributed to unitholders.

2 Summary of significant accounting policies (continued)

(i) Distributions (continued)

The benefits of imputation credits and foreign tax paid are passed on to unitholders.

(j) Functional and presentation currency

Items included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

(k) Receivables

Receivables may include amounts for interest and trust distributions. Interest is accrued at each dealing date in accordance with policy set out in Note 2(f) above. Trust distributions are accrued when the right to receive payment is established. Amounts are generally received within 30 days of being recorded as receivables.

Receivables also include such items as Reduced Input Tax Credit ("RITC") and application monies receivable from unitholders.

Receivables are recognised at amortised cost using the effective interest method, less any allowance for ECL.

The amount of the impairment loss, if any, is recognised in the Statement of comprehensive income within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the Statement of comprehensive income.

(l) Payables

Payables include liabilities and accrued expenses owed by the Fund which are unpaid as at the end of the reporting period.

Payables may include amounts for redemptions of units in the Fund where settlement has not yet occurred. These amounts are unsecured and are usually paid within 30 days of recognition.

The distribution amount payable to unitholders as at the end of each reporting period is recognised separately in the Statement of financial position when unitholders are presently entitled to the distributable income under the Fund's Constitution.

(m) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

(n) Goods and services tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as audit fees, custodian services and management fees have been passed onto the Fund. The Fund qualifies for Reduced Input Tax Credits ("RITC") at a rate of at least 55%, hence Management fees and other expenses have been recognised in the Statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office ("ATO"). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the Statement of financial position. Cash flows relating to GST are included in the Statement of cash flows on a gross basis.

(o) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial period. Estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

All of the Fund's financial instruments are unquoted securities that are fair valued using valuation techniques determined by the Investment Manager, in accordance with the valuation procedures approved by the Responsible Entity.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For certain other balances reported on Statement of financial position, including subscriptions made in advance, management fees payable and due to brokers, the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments.

2 Summary of significant accounting policies (continued)

(p) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* issued by the Australian Securities and Investments Commission ("ASIC") relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars in accordance with the ASIC Corporations Instrument unless otherwise indicated.

(q) Due from/to Brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the period. The due from brokers balance is held for collection and are recognised initially at fair value and consequently measured at amortised cost.

(r) Comparative period

The Fund was constituted on August 6, 2020 and commenced operations on December 24, 2020. The reporting period covers the period August 6, 2020 to June 30, 2021, hence there is no comparative information.

3 Financial risk management

(a) Overview

The Fund's activities expose it to a variety of financial risks. The management of these risks is undertaken by the Fund's Investment Manager who has been appointed by the Responsible Entity under an Investment Management Agreement to manage the Fund's assets in accordance with the Investment Objective and Strategy.

The Responsible Entity has in place a framework which includes:

- The Investment Manager providing the Responsible Entity with regular reports on their compliance with the Investment Management Agreement;
- Completion of regular reviews on the Service Provider which may include a review of the investment managers risk management framework to manage the financial risks of the Fund;
- Regular reporting on the liquidity of the Fund in accordance with the Fund's Liquidity Risk Management Statement.

The Fund's Investment Manager has in place a framework to identify and manage the financial risks in accordance with the investment objective and strategy. This includes an investment due diligence process and on-going monitoring of the investments in the Fund. Specific controls the Investment Manager applies to manage the financial risks are detailed under each risk specified below.

(b) Market risk

Market risk is the risk that changes in market risk factors, such as equity prices, foreign exchange rates, interest rates and other market prices will affect the Fund's income or the carrying value of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

(i) Price risk

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

The Fund's investments are primarily in unlisted international unit trusts with the result that the Fund is exposed to indirect price risk from market movements that may result in changes in the Fund's investments. The Investment Manager aims to mitigate price risk through diversification and a careful selection of securities and other financial instruments within specified limits.

The Fund has not invested in any derivatives during the financial year.

The Investment Manager aims to mitigate price risk through diversification and a careful selection of securities in the master fund.

3 Financial risk management (continued)

(b) Market risk (continued)

(i) Price risk (continued)

As at period end, the overall market exposures were as follows:

As at June 30, 2021	Fair value \$	% of net asset attributable to unitholders
Financial asset at fair value through profit or loss		
Unit trust	1,423,928	100%

The table in Note 3(c) summarises the impact of an increase/decrease of underlying investment prices on the Fund's operating profit and net assets attributable to unitholders. The analysis is based on the assumption that the underlying investment prices changed by +/-10% from the year end prices with all other variables held constant.

(ii) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

The table below summarises the Fund's exposure to interest rate risk.

As at 30 June 2021	Floating interest rate \$	Fixed interest rate \$	Non-interest bearing \$	Total \$
Financial assets				
Subscriptions made in advance	-	-	6,008,000	6,008,000
Financial assets at fair value through profit or loss	-	-	1,423,928	1,423,928
Total financial assets	-	-	7,431,928	7,431,928
Financial liabilities				
Management fees payable	-	-	7,300	7,300
Due to brokers – payable for securities purchased	-	-	6,000,000	6,000,000
Total financial liabilities	-	-	6,007,300	6,007,300
Net exposure	-	-	1,424,628	1,424,628

The majority of the Fund's financial assets are non-interest-bearing. Hence, the Fund is not exposed to significant interest rate risk. The impact of interest rate risk on net assets attributable to unitholders and operating profit is considered immaterial to the Fund.

(iii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Fund is not exposed to significant risks from movements in foreign exchange rates as there are no financial assets and liabilities denominated in foreign currencies.

3 Financial risk management (continued)

(c) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit/(loss) and net assets attributable to unitholders to price risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate having regard to a number of factors, including historical levels of changes in interest rates and the historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variances in risk variables.

	Impact on operating profit/(loss)/ net assets attributable to unitholders	
	Price risk	
	-10%	+10%
	\$	\$
As at June 30, 2021	(142,393)	142,393

(d) Credit risk

Credit risk is the risk that an issuer or counterparty will be unable or unwilling to pay amounts in full when due.

The maximum exposure to credit risk at the end of the reporting period is the carrying amount of the financial assets.

Credit risk primarily arises from investments in the Fund's unlisted unit trusts. The Investment Manager aims to manage the impact of credit risk arising from unit trusts investments through the use of consistent and carefully considered investment guidelines. Other credit risk arises from cash and cash equivalents, deposits with banks and other financial institutions. The exposure to credit risk for cash and cash equivalents is low as all the counterparties engaged with are investment grade or higher.

The custody balance with Mainstream Fund Services Pty Ltd includes subscriptions made in advance and investments in a unit trust of \$6,008,000 and \$1,423,928 respectively at 30 June 2021.

The Fund also limits its exposure to credit risk by transacting the majority of its securities and contractual commitment activities with broker-dealers, banks and regulated exchanges with high credit ratings and that the Investment Manager considers to be well established.

(e) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due and can only do so on terms that are materially disadvantageous.

The Fund is exposed to weekly cash redemptions of units in the Fund. Therefore, it primarily holds underlying investments that can be readily disposed. The Fund's investments in unit trusts are considered readily realisable unless the unit trusts are declared illiquid. For the Fund, this risk disclosure has been prepared on the basis of the Fund's direct investments and not on a look through basis for the investments held indirectly through the unit trusts.

3 Financial risk management (continued)

(e) Liquidity risk (continued)

To assess the impact of COVID-19 on the liquidity of the Fund, the Responsible Entity conducted frequent and enhanced monitoring of the liquidity of the Fund during the reporting period.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period to contractual maturity, as of the reporting period end. The amounts in the table are the contractual undiscounted cash flows.

At at June 30, 2021	Less than 1 month \$	1-6 months \$	6-12 months \$	Over 12 months \$	No stated maturity \$
Management fees payable	7,300	-	-	-	-
Due to brokers – payable for securities purchased	6,000,000	-	-	-	-
Total financial liabilities	6,007,300	-	-	-	-

4 Fair value measurement

The Fund measures and recognises the following assets at fair value on a recurring basis.

- Financial assets at fair value through profit or loss ("FVTPL") (see Note 6)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value hierarchy:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
 - (b) inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
 - (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).
- (i) *Fair value in an active market (level 1)*

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the financial statements.

The quoted market price used to fair value financial assets and financial liabilities held by the Fund is the last-traded prices.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(ii) *Valuation techniques used to derive level 2 fair value*

The fair value of financial assets and liabilities that are not exchange-traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

For other pricing models, inputs are based on market data at the end of the reporting year. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

Investments in other managed funds are recorded at the redemption value per unit as reported by the investment managers of such funds. The Fund may make adjustments to the redemption value based on considerations such as liquidity of the unit trust or its underlying investments, or any restrictions on redemptions and the basis of accounting.

4 Fair value measurement (continued)

(ii) *Valuation techniques used to derive level 2 fair value (continued)*

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments.

The determination of what constitutes 'observable' requires significant judgment by the Investment Manager. Investment Manager considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

Recognised fair value measurements

The following table presents the Fund's financial assets and liabilities measured and recognised at fair value as at June 30, 2021.

At June 30, 2021	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets at fair value through profit or loss				
Unit trusts	-	1,423,928	-	1,423,928
Total	-	1,423,928	-	1,423,928

(i) *Transfers between levels*

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between the levels in the fair value hierarchy for the period August 6, 2020 to June 30, 2021.

(ii) *Fair values of other financial instruments*

The Fund did not hold any financial instruments which were not measured at fair value in the Statement of financial position. Due to their short-term nature, the carrying amounts of receivables and payables are assumed to approximate fair value.

5 Net gains/(losses) on financial instruments at fair value through profit or loss

	For the period August 6, 2020 to June 30, 2021 \$
Financial assets	
Net unrealised gain/(loss) on financial assets at fair value through profit or loss	103,928
Total net gains/(losses) on financial instruments held at fair value through profit or loss	<u>103,928</u>

6 Subscriptions made in advance

	As at June 30, 2021 \$
Subscriptions made in advance	6,008,000
Total subscriptions made in advance	<u>6,008,000</u>

Subscriptions made in advance represents the application of subscriptions made to the Underlying Fund in advance for the period ended June 30, 2021.

7 Financial assets at fair value through profit and loss

	As at June 30, 2021 \$
Financial assets at fair value through profit or loss	
Unit trusts	1,423,928
Total financial assets at fair value through profit or loss	1,423,928

An overview of the risk exposure relating to financial assets at fair value through profit or loss is included in Note 3.

8 Net assets attributable to unitholders

Under AASB 132 *Financial instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Fund has elected into the AMIT tax regime. The Fund does not have a contractual obligation to pay distributions to unitholders. Therefore, the net assets attributable to unitholders of the Fund meet the criteria set out under AASB 132 and are classified as equity.

Movements in the number of units and net assets attributable to unitholders during the period were as follows:

	As at	
	June 30, 2021 No.	June 30, 2021 \$
Opening balance	-	-
Applications	1,311,315	1,328,000
Profit/(loss) for the period	-	96,628
Closing balance	1,311,315	1,424,628

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Capital risk management

The Fund classifies its net assets attributable to unitholders as equity. The amount of net assets attributable to unitholders can change significantly on a weekly basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

Weekly applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets by the Investment Manager. Under the terms of the Fund's constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

9 Distributions to unitholders

There were no distributions paid or payable for the period August 6, 2020 to June 30, 2021.

10 Cash and cash equivalents

	As at June 30, 2021 \$
Cash at bank	-
Total cash and cash equivalents	-

11 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	For the period August 6, 2020 to June 30, 2021 \$
(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities	
Profit/(loss) for the period	96,628
Payments for purchase of financial instruments at fair value through profit or loss	(1,320,000)
Net (gains)/losses on financial instruments at fair value through profit or loss	(103,928)
Net change in subscriptions made in advance	(8,000)
Net change in other payables	7,300
Net cash inflow/(outflow) from operating activities	(1,328,000)

12 Remuneration of auditors

During the period the following fees were paid or payable for services provided by the auditors of the Fund:

	For the period August 6, 2020 to June 30, 2021 \$
Ernst & Young	
Audit and other assurance services	
Audit of financial statements	24,000
Total remuneration for audit and other assurance services	24,000
Taxation services	
Taxation services - income tax return preparation	5,000
Taxation services - annual distribution calculation review	3,000
Total remuneration for taxation services	8,000
Total remuneration of Ernst & Young	32,000
PricewaterhouseCoopers	
Audit and other assurance services	
Audit of compliance plan	2,475
Total remuneration for audit and other assurance services	2,475
Total remuneration of PricewaterhouseCoopers	2,475
Total remuneration of auditors	34,475

The remuneration of auditors is borne by the Investment Manager. Fees are stated exclusive of GST.

13 Related party transactions

For the purpose of these financial statements, parties are considered to be related to the Fund if they have the ability, directly or indirectly, to control or exercise significant influence over the Fund in making financial and operating disclosures. Related parties may be individuals or other entities.

Responsible Entity and Investment Manager

The Responsible Entity of Ruffer Total Return International - Australia Fund is The Trust Company (RE Services) Limited (ABN 45 003 278 831) (AFSL 235150). The Investment Manager of the Fund is Ruffer LLP.

Custodian

The Custodian of the Fund is Mainstream Fund Services Pty Ltd.

13 Related party transactions (continued)

Key management personnel

(a) Directors

Key management personnel includes persons who were Directors of the Responsible Entity at any time during the financial period as follows:

Name	Position	Date of appointment/resignation
Glenn Foster	Director	Resigned as Director on October 23, 2020 Appointed as a Non-executive Director on February 1, 2021
Richard McCarthy	Director	
Simone Mosse	Director	
Vicki Riggio	Director	
Phillip Blackmore	Alternate Director	Alternate Director for Vicki Riggio

(b) Other key management personnel

There were no other persons responsible for planning, directing and controlling the activities of the Fund, directly or indirectly during the financial period.

Key management personnel unit holdings

During or since the end of the period, none of the Directors or Director related entities held units in the Fund, either directly, indirectly or beneficially.

Neither the Responsible Entity nor its affiliates held units in the Fund at the end of the period.

Key management personnel compensation

Key management personnel do not receive any remuneration directly from the Fund. They receive remuneration from the Responsible Entity in their capacity as Directors or employees of the Responsible Entity or its related parties. Consequently, the Fund does not pay any compensation to its key management personnel. Payments made from the Fund to the Responsible Entity do not include any amounts attributable to the compensation of key management personnel.

Key management personnel loan disclosures

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting period.

Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund during the financial period and there were no material contracts involving Director's interests existing at period end.

Responsible Entity's/Investment Manager's fees and other transactions

Under the terms of the Fund's Constitution, the Investment Manager is entitled to receive a fee of up to 1.07% (exclusive of GST) per annum of the gross asset value of the Fund. The 1.07% refers to the management fees that the Investment Manager is entitled to receive to cover the costs of the Responsible Entity, Investment Manager, audit and tax compliance fees, and custody and administration fees of the feeder fund. In addition to this, indirect costs of 0.17% are disclosed within the PDS to capture the costs associated with the underlying fund in which it invests. These fees are borne by the underlying fund and are not collected by the Investment Manager.

13 Related party transactions (continued)

Responsible Entity's/Investment Manager's fees and other transactions (continued)

All related party transactions are conducted on normal commercial terms and conditions. The transactions during the period and amounts payable at period end between the Fund and the Responsible Entity were as follows:

	For the period August 6, 2020 to June 30, 2021 \$
Management costs for the period paid and payable by the Fund to the Investment Manager	7,300

Management costs of 1.24% per annum comprised of Responsible Entity fees, investment management fees payable, audit and tax compliance fees payable, and custody and administration fees payable to the Investment Manager and indirect costs from investing in the Underlying Fund.

Related party unitholdings

Parties related to the Fund (including the The Trust Company (RE Services) Limited, its related parties and other schemes managed by The Trust Company (RE Services) Limited), hold no units in the Fund.

Investments

The Fund held investments in the following Fund, for which Ruffer LLP is the Investment Manager.

	Number of units held opening	Number of units held closing	Fair value of investment \$	Interest held %	Distributions received/ receivable	Units acquired during the year \$	Units disposed during the year
As at June 30, 2021							
Ruffer Total Return International (a sub-fund of Ruffer SICAV)	-	10,932	1,423,928	0.03	-	10,932	-

Application of 46,127 units of Ruffer Total Return International was made in advance for the period ended June 30, 2021 with \$6,008,000 presented on Statement of financial position as at period end.

14 Significant events during the period

The Directors continue to assess the potential financial and other impacts of the coronavirus ("COVID-19") outbreak to the Fund. The current high-level of uncertainty regarding the severity and length of COVID-19 on investment markets has impacted investment outcomes and increased volatility in investment performance during the period.

At the date of signing, the future impacts of COVID-19 on global and domestic economies and investment market indices, and their resulting impact on the Fund are uncertain. The Directors and management will continue to monitor this situation.

On February 1, 2021, Glenn Foster was appointed as a Non-executive Director.

In the opinion of the Directors, there were no other significant changes in the state of affairs of the Fund that occurred during the period.

15 Events occurring after the reporting period

The Directors are not aware of any other event or circumstance since the end of the financial period not otherwise addressed within this report that has affected or may significantly affect the operations of the Fund, the results of those operations or the state of affairs of the Fund in subsequent years. The Fund continues to operate as a going concern.

16 Contingent assets and liabilities and commitments

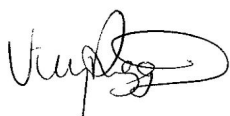

There are no outstanding contingent assets, liabilities or commitments as at June 30, 2021.

Directors' declaration

In the opinion of the Directors of the Responsible Entity:

- (a) the financial statements and notes set out on pages 5 to 22 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Fund's financial position as at June 30, 2021 and of its performance, for the financial period ended on that date;
- (b) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable; and
- (c) Note 2(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the Directors of The Trust Company (RE Services) Limited.

Independent Auditor's Report to the Unitholders of Ruffer Total Return International - Australia Fund

Opinion

We have audited the financial report of Ruffer Total Return International - Australia Fund (the "Fund"), which comprises the statement of financial position as at 30 June 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the period from 6 August 2020 to 30 June 2021, notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Fund is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Fund's financial position as at 30 June 2021 and of its financial performance for the period from 6 August 2020 to 30 June 2021; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The directors of the Responsible Entity are responsible for the other information. The other information is the directors' report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

EY

Building a better
working world

Responsibilities of the Responsible Entity for the Financial Report

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors of the Responsible Entity either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Responsible Entity.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

**Building a better
working world**

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors of the Responsible Entity regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
