**COORDINATED ARTICLES OF ASSOCIATION  
 AS OF SEPTEMBER 12, 2018**

**Title I**

**NAME - REGISTERED OFFICE - DURATION - PURPOSE**

**Article 1. - Name**

1.1 There is hereby established among the subscribers and all those who may become owners of shares hereafter issued, a public limited company ("*société anonyme*") qualifying as an investment company with variable share capital ("*société d'investissement à capital variable*") under the name of "**Ruffer SICAV**" (hereinafter the "Company"), subject to the provisions of Part I of the Luxembourg law dated 17 December 2010 relating to undertakings for collective investment, as amended from time to time (the "Law of 2010").

**Article 2. - Registered Office**

2.1 The registered office of the Company is established in Luxembourg, Grand Duchy of Luxembourg. Branches, subsidiaries or other offices may be established either in the Grand Duchy of Luxembourg or abroad (but in no event in the United States of America, its territories or possessions) by a resolution of the board of directors.

2.2 The board of directors may transfer the registered office of the Company within the same municipality, or to any other municipality in the Grand Duchy of Luxembourg and amend these articles of association accordingly.

2.3 In the event that the board of directors determines that extraordinary political, economic, social, environmental or military events have occurred or are imminent which would interfere with the normal activities of the Company at its registered office or with the ease of communication between such office and persons abroad, the registered office may be temporarily transferred abroad until the complete cessation of these abnormal circumstances; such provisional measures shall have no effect on the nationality of the Company which, notwithstanding such temporary transfer, shall remain a Luxembourg corporation.

**Article 3. - Duration**

3.1 The Company is established for an unlimited period of time.

**Article 4. - Purpose**

4.1 The exclusive purpose of the Company is to invest the funds available to it in transferable securities of all types and other assets permitted by the Law of 2010 with the aim of spreading investment risks and affording its shareholders the results of the management of its assets.

4.2 The Company may take any measures and carry out any transaction which it may deem useful for the fulfilment and development of its purpose to the largest extent permitted under the Law of 2010.

**Title II**

**SHARE CAPITAL - SHARES - NET ASSET VALUE**

**Article 5. - Share Capital - Classes of Shares**

5.1 The capital of the Company shall be represented by fully paid up shares of no par value and shall at any time be equal to the total net assets of the Company pursuant to Article 11 hereof. The share capital of the Company shall thus vary automatically, without any amendment to

these articles of association and without compliance with measures regarding publication and entry into the Trade and Companies Register.

5.2 The minimum share capital of the Company may not be less than the level provided for by the Law of 2010, i.e. one million two hundred and fifty thousand euros (EUR 1,250,000.-) or the equivalent in any other currency. The minimum capital of the Company must be achieved within six (6) months after the date on which the Company has been authorised as an undertaking for collective investment under Luxembourg law.

5.3 The board of directors shall establish a portfolio of assets constituting one or several sub-fund(s) (each a "Sub-Fund" and together the "Sub-Funds") within the meaning of Article 181 of the Law of 2010 for one class of shares or for multiple classes of shares in the manner described in Article 11 hereof. The Company constitutes a single legal entity. However, as between shareholders, each portfolio of assets shall be invested for the exclusive benefit of the relevant Sub-Fund. With regard to third parties, each Sub-Fund shall be exclusively responsible for all liabilities attributable to it.

5.4 Within each Sub-Fund, the shares to be issued pursuant to Article 7 hereof may, as the board of directors shall determine, be of different classes, so as to correspond to classes (i) having a different currency of denomination and/or (ii) being targeted to different types of investors, i.e. retail investors and institutional investors and/or (iii) having a specific exchange-risk hedging policy and/or (iv) having different minimum investment and holding requirements and/or (v) having a different fee structure and/or (vi) having a different distribution policy and/or (vii) having a different distribution channel and/or (viii) having such other features as may be determined by the board of directors from time to time. The proceeds of the issue of each class of shares shall be invested in securities of any kind and other assets permitted by law pursuant to the investment policy determined by the board of directors for the relevant Sub-Fund established in respect of the relevant class or classes of shares, subject to the investment restrictions provided by law or determined by the board of directors.

5.5 For the purpose of determining the capital of the Company, the net assets attributable to each class of shares shall, if not expressed in pounds sterling, be converted into pounds sterling and the capital shall be the total of the net assets of all the classes of shares.

#### **Article 6. - Form of Shares**

6.1 The shares of the Company shall be issued in registered form only.

6.2 Death, suspension of civil rights, dissolution, bankruptcy or insolvency or any other similar event regarding any of the shareholders shall not cause the dissolution of the Company.

#### **Article 7. Register of shares – Transfer of shares**

7.1 All issued registered shares of the Company shall be registered in the register of shareholders which shall be kept by the Company or by one or more persons designated thereto by the Company and such register shall contain the name of each owner of registered shares, his residence or elected domicile as indicated to the Company, the number of registered shares held by him/her and the amount paid up on each such shares.

7.2 The inscription of the shareholder's name in the register of shareholders evidences the shareholder's right of ownership on such registered shares. The Company shall decide whether a certificate for such inscription shall be delivered to the shareholder and under which

conditions or whether the shareholder shall receive a written confirmation of his shareholding.

7.3 The share certificates, if applicable, shall be signed by two directors. Such signatures shall be either manual, or printed, or in facsimile. The certificates will remain valid even if the list of authorised signatures of the Company is modified. However, one of such signatures may be made by a person duly authorised thereto by the board of directors; in the latter case, it shall be manual. The Company may issue temporary share certificates in such form as the board of directors may determine.

7.4 Transfer of registered shares shall be effected (i) if share certificates have been issued, upon delivering the certificate or certificates representing such shares to the Company along with other instruments of transfer satisfactory to the Company and (ii) if no share certificates have been issued, by a written declaration of transfer to be inscribed in the register of shareholders, dated and signed by the transferor and transferee, or by persons holding suitable powers of attorney to act therefore. Any transfer of registered shares shall be entered into the register of shareholders; such inscription shall be signed by one or more directors or officers of the Company or by one or more other persons duly authorized thereto by the board of directors. The Company will refuse to give effect to any transfer of shares and refuse any transfer of shares to be entered in the register of shareholders in circumstances where such transfer would result in shares being held by any person not permitted as a transferee of shares under the prospectus of the Company.

7.5 Shareholders entitled to receive registered shares shall provide the Company with an address to which all notices and announcements may be sent. Such address will also be entered into the register of shareholders. In the event of joint holders of shares, only one address will be inserted and any notices will be sent to that address only.

7.6 In the event that a shareholder does not provide an address, the Company may permit a notice to this effect to be entered into the register of shareholders and the shareholder's address will be deemed to be at the registered office of the Company, or at such other address as may be so entered into by the Company from time to time, until another address shall be provided to the Company by such shareholder. A shareholder may, at any time, change the address as entered into the register of shareholders by means of a written notification to the Company at its registered office, or at such other address as may be set by the Company from time to time.

7.7 If share certificates are issued and if any shareholder can prove to the satisfaction of the Company that the shareholder's share certificate has been mislaid, mutilated or destroyed, then, at the shareholder's request, a duplicate share certificate may be issued under such conditions and guarantees, including but not restricted to a bond issued by an insurance company, as the Company may determine. At the issuance of the new share certificate, on which it shall be recorded that it is a duplicate, the original share certificate in replacement of which the new one has been issued shall become void.

7.8 Mutilated share certificates may be cancelled by the Company and replaced by new certificates.

7.9 The Company may, at its election, charge to the shareholder the costs of a duplicate or of a new share certificate and all reasonable expenses incurred by the Company in connection with the issue and registration thereof or in connection with the annulment of the original share certificate.

7.10 The Company will recognise only one holder per share. In the event of joint ownership the Company may suspend the exercise of any right deriving from the relevant share(s) until one person shall have been designated to represent the joint-owners vis-à-vis the Company.

7.11 In the case of joint shareholders, the Company reserves the right to pay any redemption proceeds, distributions or other payments to the first registered holder only, whom the Company may consider to be the representative of all joint holders, or to all joint shareholders together, at its absolute discretion.

7.12 The Company may decide to issue fractional shares. Such fractional shares shall not be entitled to vote but shall be entitled to participate in the net assets attributable to the relevant class of shares on a pro rata basis.

#### **Article 87. - Issue of Shares**

8.1 The board of directors is authorised without limitation to issue an unlimited number of fully paid up shares at any time without reserving to the existing shareholders a preferential or pre-emptive right to subscribe for the shares to be issued.

8.2 The board of directors may impose restrictions on the frequency at which shares shall be issued in any class of shares in any Sub-Fund; the board of directors may, in particular, decide that shares of any class in any Sub-Fund shall only be issued during one or more offering periods or at such other periodicity as provided for in the Prospectus.

8.3 Whenever the Company offers shares for subscription, the price per share at which such shares are offered shall be the net asset value per share of the relevant class as determined in compliance with Article 12 hereof in respect of the Valuation Day (defined in Article 13 hereof) as is determined in accordance with such policy as the board of directors may from time to time determine. Such price may be increased by a percentage estimate of costs and expenses to be incurred by the Company when investing the proceeds of the issue and by applicable sales commissions, as approved from time to time by the board of directors. The price so determined shall be payable within a period as determined by the board of directors. If such price is not received within such period in relation to any subscription for shares, such shares may be cancelled and the relevant investor(s) agree(s) to indemnify and hold harmless the Company for the costs incurred by the failure or default by the investor so that the other shareholders of the relevant Sub-Fund be not harmed by such failure to settle on time.

8.4 The board of directors may delegate to any director, manager, officer or other duly authorised agent the power to accept subscriptions, to receive payment of the price of the new shares to be issued and to deliver them.

8.5 The board of directors may reject subscription requests in whole or in part at its full discretion.

8.6 The issue of shares shall be suspended if the calculation of the Net Asset Value is suspended pursuant to Article 13 hereof.

8.7 The Company may agree to issue shares as consideration for a contribution in kind of securities or other assets, in compliance with the conditions set forth by Luxembourg law, in particular the obligation to deliver a valuation report from the approved statutory auditor of the Company ("*réviseur d'entreprises agréé*") and provided that such securities comply with the investment objectives and policies of the relevant Sub-Fund. Any costs incurred in connection with a contribution in kind shall be borne by the relevant shareholder, unless the board of directors

considers that the subscription in kind is in the interest of the Company in which case such costs may be borne in all or in part by the Company.

#### **Article 9- Redemption of Shares**

9.1 As is more specifically prescribed herein below the Company has the power to redeem its own shares at any time within the limitations set forth by law and these articles of association.

9.2 All shareholders are entitled to request the redemption of all or part of their shares by the Company.

9.3 Unless otherwise provided for a specific Sub-Fund or Class in the Prospectus, any shareholder may request the redemption of all or part of his/her/its shares by the Company under the terms, conditions and limits set forth by the board of directors in the Prospectus and within the limits provided by law and these articles of association. Any redemption request must be filed by such shareholder (i) in written form, subject to the conditions set out in the Prospectus, at the registered office of the Company or with any other person or entity appointed by the Company as its agent for redemption of shares, together with the delivery of the certificate(s) for such shares in proper form (if issued) (ii) or by way of a request evidenced by any other electronic means deemed acceptable by the Company subject to the conditions set out in the Prospectus.

9.4 Unless otherwise decided by the board of directors and disclosed in the Prospectus the redemption price shall be based on to the Net Asset Value for the relevant Class as determined in accordance with the provisions of Article 11 hereof less a redemption charge, if any, as the Prospectus may provide. This price may be rounded up or down to the nearest decimal, as the board of directors may determine, and such rounding will accrue to the benefit of the Company, as the case may be. From the redemption price there may further be deducted any deferred sales charge if such shares form part of a Class in respect of which a deferred sales charge has been contemplated in the Prospectus. The redemption price per share shall be paid within a period as determined by the board of directors provided that the share certificates, if issued, and any requested documents have been received by the Company, subject to Article 13 hereof.

9.5 The board of directors may determine the notice period, if any, required for lodging any redemption request of any specific Class or Classes. The specific period for payment of the redemption proceeds of any Class of the Company and any applicable notice period as well as the circumstances of its application will be published in the Prospectus relating to the sale of such shares.

9.6 The board of directors may delegate to any duly authorised director or officer of the Company or to any other duly authorised person, the duty of accepting requests for redemption and effecting payment in relation thereto.

9.7 The board of directors may (subject to the principle of equal treatment of shareholders and, if required by the applicable laws and regulations, the consent of the shareholder(s) concerned) satisfy redemption requests in whole or in part in kind by allocating to the redeeming shareholders investments from the portfolio in value equal to the Net Asset Value attributable to the shares to be redeemed as described in the Prospectus. If required by the applicable laws and regulations, or by decision of the board of directors, such redemption will be subject to a special audit report by the approved statutory auditor of the Company, as defined below.

9.8 The specific costs for such redemptions in kind, in particular the costs of the special audit report, will have to be borne by the shareholder

requesting the redemption in kind or by a third party, but will not be borne by the Company unless the board of directors considers that the redemption in kind is in the interest of the Company or made to protect the interests of the Company.

9.9 Any request for redemption is revocable under the conditions determined by the board of directors and disclosed in the Prospectus, if any, and in the event of suspension of redemption pursuant to Article 13 hereof or a deferral of the redemption request as provided for below. In the absence of revocation, redemption will occur as of the first Valuation Day, as defined below, after the end of the suspension.

9.10 If on any given Valuation Day, redemption requests exceed a certain level determined by the board of directors and set forth in the Prospectus, the board of directors may decide that part or all of such requests for redemption will be deferred for such period and in a manner that the board of directors considers to be in the best interest of the relevant Sub-Fund or Class and of the Company. On the next Valuation Day following that period, these redemption requests will be met in priority to a later request, subject to the same limitation as above.

9.11 The board of directors may refuse redemptions for an amount less than the minimum redemption amount as determined by the board of directors and disclosed in the Prospectus, if any.

9.12 If a redemption would reduce the value of the holdings of a single shareholder of shares of one Sub-Fund or Class below the minimum holding amount as the board of directors shall determine from time to time, then such shareholder may be deemed to have requested the redemption of all his shares of such Sub-Fund or Class.

9.13 The board of directors may in its absolute discretion compulsorily redeem any holding with a value of less than the minimum holding amount to be determined from time to time by the board of directors and to be published in the Prospectus .

9.14 In exceptional circumstances relating to a lack of liquidity of certain investments made by certain Sub-Funds and the related difficulties in determining the Net Asset Value of the Shares of certain Sub-Funds, the treatment of redemption requests may be deferred and/or the issue, redemptions and conversions of Shares suspended by the board of directors.

9.15 In addition to the foregoing, the board of directors may decide to temporarily suspend the redemption of shares if exceptional circumstances as set forth in Article 13, so warrant.

9.16 In addition a dilution levy may be imposed on any redemption requests for Shares of a Sub-Fund. Such dilution levy should not exceed such percentage of the Net Asset Value per Share, as may be decided in the discretion of the board of directors and disclosed in the Prospectus.

9.17 Shares of the Company redeemed by the Company may be cancelled or held by the Company in a treasury account, as may be resolved from time to time by the board of directors. **Article 10. -**

#### **Conversion of Shares**

10.1 Unless otherwise determined by the board of directors and mentioned in the Sub-Fund particulars, for certain classes of shares, any shareholder is entitled to require the conversion of whole or part of his shares of one class within a Sub-Fund into shares of the same class within another Sub-Fund or into shares of another class within the same or another Sub-Fund, subject to such restrictions as to the terms, conditions and payment of such charges and commissions as the board of directors shall determine. The conversion request may not be accepted unless any

previous transaction involving the shares to be converted has been fully settled by such shareholder.

10.2 The price for the conversion of shares from one class into another class shall be computed by reference to the respective net asset value of the two classes of shares, calculated on the relevant Valuation Day. If the Valuation Day of the class of shares or Sub-Fund taken into account for the conversion does not coincide with the Valuation Day of the class of shares or Sub-Fund into which they shall be converted, the board of directors may decide that the amount converted will not generate interest during the time separating the two Valuation Days.

10.3 In addition a dilution levy may be imposed on any conversion requests for Shares of a Sub-Fund. Such dilution levy should not exceed such percentage of the Net Asset Value per Share, as may be decided in the discretion of the board of directors and disclosed in the Prospectus.

10.4 If on any given Valuation Day, conversion requests exceed a certain level determined by the board of directors and set forth in the Prospectus, the board of directors may decide that part or all of such requests for conversion will be deferred for such period and in a manner that the board of directors considers to be in the best interest of the relevant Sub-Fund or Class and of the Company. On the next Valuation Day following that period, these conversion requests will be met in priority to a later request, subject to the same limitation as above.

10.5 If as a result of any request for conversion the number or the aggregate net asset value of the shares held by any shareholder in any class of shares would fall below such number or such value as determined by the board of directors, then the Company may decide that this request be treated as a request for conversion for the full balance of such shareholder's holding of shares in such class.

10.6 The board of directors may in its absolute discretion compulsory convert any holding with a value of less than the minimum holding amount to be determined from time to time by the board of directors and to be published in the Prospectus, provided however that there is a class of shares with similar characteristics and the relevant shareholder is notified of such conversion.

10.7 The shares which have been converted into shares of another class may be cancelled.

#### **Article 11. - Restrictions on Ownership of Shares**

11.1 The board of directors may restrict or prevent the legal or beneficial ownership of shares in the Company or prohibit certain practices as disclosed in the Prospectus such as late trading and market timing by any person (individual, corporation, partnership or other entity) if in the opinion of the board of directors such ownership or practices, may (i) result in a breach of any provisions of these articles of association, the Prospectus or law or regulations of any jurisdiction, or (ii) require the Company, its management company or its investment manager to be registered under any laws or regulations whether as an investment fund or otherwise, or cause the Company to be required to comply with any registration requirements in respect of any of its shares, whether in the United States of America or any other jurisdiction; or (iii) may cause the Company, its management company, its investment managers or shareholders any legal, regulatory, taxation, administrative or financial disadvantages which they would not have otherwise incurred (such person being herein referred to as "**Prohibited Person**").

For such purposes the board of directors may:

a) decline to issue any shares and to accept any transfer of shares, where it appears that such issue or transfer would or might result

in shares being acquired or held by, on behalf or for the account or benefit of, Prohibited Persons;

b) require at any time any person entered in the register of shares, or any person seeking to register a transfer of shares therein, to furnish the Company with any representations, warranties, or information, together with supporting documentation, which the Company may consider necessary for the purpose of determining whether the issue or transfer would result in Shares being held by or on behalf or for the account or benefit of, a Prohibited Persons;

c) compulsorily redeem or cause to be redeemed compulsorily all shares held by, on behalf or for the account or benefit of, Prohibited Persons or investors who are found to be in breach of, or have failed to provide, the abovementioned representations, warranties or information in a timely manner. To that end, the Company will notify the shareholder of the reasons which justify the compulsory redemption of shares, the number of shares to be redeemed and the indicative Valuation Day on which the compulsory redemption will occur; and

d) grant a grace period to the shareholder for remedying the situation causing the compulsory redemption as described in the Prospectus and/or propose to convert the shares held by any shareholder who fails to satisfy the investor's eligibility requirements for such class of shares into shares of another class available for such shareholder to the extent that the investor's eligibility requirements would then be satisfied.

11.2 The Company reserves the right to require the relevant shareholders to indemnify the Company against any losses, costs or expenses arising as a result of any compulsory redemption of shares due to the shares being held by, on behalf or for the account or for the benefit of, Prohibited Persons or investors who are found to be in breach of, or have failed to provide, the abovementioned representations, warranties or information in a timely manner. The Company may pay such losses, costs or expenses out of the proceeds of any compulsory redemption and/or redeem all or part of the relevant shareholders' shares in order to pay for such losses, costs or expenses.

11.3 If it appears that a shareholder in a Class of shares reserved for institutional shareholders as defined from time to time by Luxembourg regulations or by the Luxembourg regulator is not such an institutional investor, the Company may either redeem the shares in question using the above-described procedure, or convert these shares into shares of a Class that is not reserved for institutional investors (on condition that there is a class with similar characteristics), notifying the relevant shareholder of this conversion.

#### **Article 12. - Calculation of Net Asset Value per Share**

12.1 The net asset value per share of each Class or Sub-Fund (the "Net Asset Value") shall be expressed in the reference currency of the relevant class or Sub-Fund (and/or in such other currencies as the board of directors shall from time to time determine) as a per share figure and shall be determined as at any valuation day by dividing the net assets of the Company attributable to the relevant Sub-Fund, being the value of the assets of the Company attributable to such Sub-Fund less the liabilities attributable to such Sub-Fund as at such valuation day, by the number of shares of the relevant Sub-Fund then outstanding, in accordance with the rules set forth below (the "Valuation Day").

12.2 The Net Asset Value per share of each class of shares in a Sub-Fund shall be determined by calculating that portion of the Net Asset Value attributable to each class by reference to the number of Shares in issue or deemed to be in issue in each Class as of the relevant Valuation Day.

12.3 The Net Asset Value per share may be rounded up or down to the nearest unit of the relevant currency as the board of directors shall determine. The Net Asset Value per share will be calculated and available not later than the date set forth in the Prospectus.

12.4 The Company's net assets will be expressed in pounds sterling and correspond to the difference between the total assets and the total liabilities of the Company. In order to calculate this value, the net assets of each Sub-Fund will, unless they are already expressed in pounds sterling, be converted into pounds sterling, and added together.

12.5 If since the time of determination of the Net Asset Value there has been a material change in the quotations in the markets on which a substantial portion of the investments attributable to the relevant Sub-Fund are dealt in or are quoted, the board of directors may, in order to safeguard the interests of the shareholders and of the Company, cancel the first valuation and carry out a second valuation for all applications received on the relevant Valuation Day.

A) The valuation of assets of each Sub-Fund will be conducted as follows:

a) The transferable securities listed on a stock exchange or on a regulated market are valued at the last known price unless that price is not representative.

b) Securities not admitted to a stock exchange or on a regulated market as well as securities that are so admitted but for which the final price is not representative, are valued based on the probable realization value estimated prudently and in good faith.

c) The value of the liquid assets, bills or notes payable on demand and accounts receivable, deposits, prepaid expenditures, dividends and interest announced or come to maturity not yet affected, will be constituted by the nominal value of these assets, except if it is unlikely that this value could be obtained. In the latter case, the value will be determined by subtracting a certain amount that the board of directors deems appropriate to reflect the real value of these assets.

d) Money market instruments are valued at their nominal value plus any eventually accrued interest or at "marked-to-market" or according to the amortized cost method.

e) Assets expressed in a currency other than the currency of the corresponding Sub-Fund will be converted in this Sub-Fund's reference currency at the applicable exchange rate.

f) Shares or units in open-ended underlying UCI/UCITS will be valued at the actual net asset value for such shares or units as of the relevant Valuation Day; if events have occurred which may have resulted in a material change in the net asset value of such shares or units since the date on which such actual or estimated net asset value was calculated, the value of such shares or units may be adjusted in order to reflect, in the reasonable opinion of the board of directors, such change but the board of directors will not be required to revise or recalculate the Net Asset Value on the basis of which subscriptions, redemptions or conversions may have been previously accepted.

g) The administrative agent and the board of directors may consult with the investment manager in valuing the Sub-Fund's assets; year-end net asset value calculations are audited by the Company's auditor and may be revised as a result of such audit. Such revisions may result from adjustments in valuations provided by UCI/UCITS.

In no event shall the board of directors, the administrative agent, or the investment manager incur any individual liability or responsibility for any

determination made or other action taken or omitted by them in the absence of negligence, wilful misfeasance or bad faith.

Transferable securities held by the Company which are quoted or dealt in on a stock exchange will be valued at their latest available publicised stock exchange closing price and where appropriate the bid market price on the stock exchange which is normally the principal market for such security and each security dealt in on any other organised market will be valued in a manner as near as possible to that for quoted securities.

If events have occurred which may have resulted in a material change of the net asset value of such shares or units in other UCIs/UCITS since the day on which the latest official net asset value was calculated, the value of such shares or units may be adjusted in order to reflect, in the reasonable opinion of the board of directors, such change of value.

h) The value of securities that are not listed on a stock exchange or regulated market will be determined based on a valuation method proposed in good faith by the board of directors based on:

- the latest available audited annual accounts; and/or
- the basis of recent events that may have an impact on the value of such security; and/or
- any other available assessment.

The choice of method and support for assessment will depend on the relevance of available data. The estimated value may be corrected by periodic unaudited accounts, if available. If the board of directors believes that the resulting price is not representative of the likely realizable value of such a security, the value shall be determined prudently and in good faith based on the probable sale price.

i) Futures (and forward contracts) and option contracts that are not traded on a regulated market or a stock exchange will be valued at their liquidation value determined in accordance with the rules established in good faith by the board of directors, according to uniform criteria for each type of contract.

The value of futures and option contracts traded on a regulated market or stock exchange will be based on the closing or settlement price published by the regulated market or stock exchange which is normally the principal place of negotiation for such contracts. If a future or options contract could not be liquidated on the relevant pricing day (as specified in the contract) the criteria for determining the liquidation value of such futures contract or option contract may be determined by the board of directors as it deems fair and reasonable.

j) Future cash flows expected to be collected and paid by the Sub-Fund under swap contracts will be valued at present value.

k) Where the board of directors considers it necessary, it may seek the assistance of a valuation committee whose task will be the prudent estimation of certain assets' values in good faith.

12.6 The board of directors is authorized to adopt, in good faith and in accordance with generally accepted valuation principles and procedures, other appropriate valuation principles for the Company's assets where the determination of values according to the criteria specified above is not possible or appropriate.

12.7 The attention of the investor is drawn to the fact that the valuation of the assets of a Sub-Fund is based on information (including, without limitation, position reports, confirmations statements, etc.) which is available at the time of such valuation.

B. The liabilities of the Company shall be deemed to include (without limitation):

- a) All loans, bills and accounts payable.

b) All accrued interest on loans of the Company (including accrued fees for commitment for such loans).

c) All accrued or payable fees and expenses (including administrative expenses, management fees, including incentive fees, custodian fees, central administration agent's fees and registrar and transfer agent's fees).

d) All known liabilities, present and future, including all matured contractual obligations for payments in cash or in kind, including the amount of any unpaid dividends declared by the Company.

e) An appropriate provision for future taxes based on capital and income to the Valuation Day, as determined from time to time by the Company, and other reserves (if any) authorised and approved by the board of directors, as well as such amount (if any) as the board of directors may consider to be an appropriate allowance in respect of any contingent liabilities of the Company.

f) All other liabilities of the Company, of whatever kind and nature reflected in accordance with generally accepted accounting principles. In determining the amount of such liabilities, the Company shall take into account all expenses payable by the Company, including, without any limitation, the incorporation expenses and costs for subsequent amendments to the constitutional documents, all translation costs, fees and expenses payable to the investment manager(s)/advisor(s), including performance fees, if any, the custodian and its correspondent agents, the administrative agent, domiciliary and corporate agent, the registrar and transfer agent, listing agent, any paying agent, any distributor or other agents and employees of the Company, as well as any permanent representatives of the Company in countries where it is subject to registration, the costs and expenses for legal, accounting and auditing services, any fees and expenses involved in registering and maintaining the registration of the Company with any government agencies or stock exchanges in the Grand Duchy of Luxembourg and in any other country, reporting and publishing expenses, including the cost of preparing, printing, advertising and distributing prospectuses, explanatory memoranda, key investor information documents, other documents mandated for use or commonly used for the distribution of the Company in countries other than the Grand Duchy of Luxembourg, periodical reports or registration statements, the cost of printing share certificates, if any, and the costs of any reports to the shareholders, expenses incurred in determining the Company's Net Asset Value, the cost of convening and holding shareholders' and directors' meetings, reasonable out-of-pocket and travelling expenses of directors, directors' fees, reasonable out-of-pocket and travelling expenses of officers as well as their remuneration, all taxes and duties charged by governmental or similar authorities and stock exchanges, the costs of publishing the issue and repurchase prices as well as any other operating costs, including the costs of buying and selling assets, finder fees, financial, banking and brokerage expenses and all other administrative costs as well as interest, bank charges, currency conversion costs, postage, telephone and insurance costs, including insurance costs for the directors, employees and agents of the Company, costs and expenses related to legal, notarial and /or administrative proceedings and indemnifications resulting from such proceedings, involving, directly or indirectly, the Company, directors, employees and agents of the Company as well as legal, to the extent as permitted by law, notarial and/or administrative proceedings and indemnifications resulting from such proceedings, related, directly or indirectly to former or existing shareholders. The Company may accrue administrative and other expenses of a regular or recurring nature based on an estimated amount rateably for yearly or other periods.

**Titre V**

**DISSOLUTION – LIQUIDATION – MERGER -  
REORGANISATION**

**Article 32. Dissolution and Liquidation of the Company**

32.1 The Company has been established for an unlimited period. However, it may at any time be dissolved by a resolution of the general meeting of shareholders taken in the same conditions that are required by law to amend the articles of association. In this scope, the board of directors may propose at any time to the shareholders to liquidate the Company.

32.2 Notwithstanding the foregoing, whenever the share capital falls below two-thirds of the minimum capital indicated in Article 5 hereof, the question of the dissolution of the Company will be referred to the general meeting by the board of directors. This general meeting, for which no quorum will be required, will decide whether to dissolve the Company by simple majority of the votes validly cast at the meeting.

32.3 The question of the dissolution of the Company will also be referred to the general meeting whenever the share capital falls below one-fourth of the minimum capital set by Article 5 hereof; in such event, the general meeting will be held without any quorum requirements and the dissolution may be decided by shareholders holding one-fourth of the votes of the shares validly cast at the meeting.

32.4 The meeting must be convened so that it is held within a period of forty days from ascertainment that the net assets of the Company have fallen below two-thirds or one-fourth of the legal minimum, as the case may be.

32.5 Once the decision to liquidate the Company is taken, its liquidation will be carried out in accordance with the provisions of the Law of 2010 which specify the steps to be taken to enable shareholders to participate in the liquidation distribution(s) and in this connection provides for deposit in escrow at the *Caisse de Consignation* of any amounts which have not been claimed by Shareholders at the close of liquidation. Amounts not claimed from escrow within the prescription period are liable to be forfeited in accordance with the provisions of Luxembourg laws.

32.6 The liquidation of the Company should be conducted by one or more liquidators, who may be individuals or legal entities and who will be appointed by a meeting of Shareholders. This meeting will determine their powers and compensation.

32.7 The net proceeds of the liquidation may be paid in cash to the holders of shares of the relevant class or Sub-Fund in proportion to their holding of such shares in such class or Sub-Fund.

32.8 The net proceeds of the liquidation may also be distributed in kind to the holders of shares.

32.9 As soon as the decision to liquidate the Company is taken, the issue, redemption or conversion of shares in all Sub-Funds is prohibited and shall be deemed void.

**Article 33. - Liquidation of Sub-Funds or Classes of Shares**

33.1 If the net assets of any Sub-Fund or class fall below or do not reach an amount determined by the board of directors to be the minimum level for such Sub-Fund or class to be operated in an economically efficient manner or if a change in the economic, monetary or political situation relating to the Sub-Fund or class concerned justifies it or in order to proceed to an economic rationalisation or for any reason determined by the board of directors and disclosed in the Prospectus, the board of directors has the discretionary power to liquidate such Sub-Fund or class by compulsory redemption of shares of such Sub-Fund or class at the Net Asset Value per share (but taking into account actual realisation prices of investments and realisation expenses) determined as at the Valuation Day at which such a decision shall become effective. The shareholders will be informed of the decision of the board of directors to liquidate a Sub-Fund or a class of shares by way of a notice and/or in any other way as required or permitted by applicable laws and regulations. The notice will indicate the reasons for and the process of liquidation. Unless the board of directors decides otherwise in the interests of, or in order to ensure equal treatment of, the shareholders, the shareholders of the Sub-Fund or class concerned may continue to request redemption or conversion of their shares free of redemption or conversion charges (but taking into account actual realisation prices of investments and realisation expenses).

33.2 Notwithstanding the powers conferred to the board of directors by the preceding paragraph, a general meeting of shareholders of any Sub-Fund or class may, upon proposal from the board of directors and with its approval, redeem all the Shares of such Sub-Fund or class and refund to the shareholders the Net Asset Value of their shares) determined as at the Valuation Day at which such decision shall take effect. There shall be no quorum requirements for such a general meeting of shareholders at which resolutions shall be adopted by simple majority of the votes cast. The convening notice to the general meeting of shareholders of the Sub-Fund or class of shares will indicate the reasons for and the process of the proposed liquidation.

33.3 Actual realisation prices of investments, realisation expenses and liquidation costs will be taken into account in calculating the net asset value applicable to the compulsory redemption. Shareholders in the Sub-Fund or class of shares concerned will generally be authorised to continue requesting the redemption or conversion of their shares prior to the effective date of the compulsory redemption, unless the board of directors determines that it would not be in the best interests of the shareholders in that Sub-Fund or class of shares or could jeopardise the fair treatment of the shareholders.

33.4 Redemption proceeds which have not been claimed by the shareholders upon the compulsory redemption will be deposited, in accordance with applicable laws and regulations, in escrow at the "*Caisse de Consignation*" on behalf of the persons entitled thereto. Proceeds not claimed within the statutory period will be forfeited in accordance with laws and regulations.

Such mergers shall be subject to the conditions and procedures imposed by the Law of 2010, in particular concerning the common draft terms of the merger to be established by the board of directors and the information to be provided to the shareholders. Such a merger does not require the prior consent of the shareholders except where the Company is the absorbed entity which, thus, ceases to exist as a result of the merger; in such case, the general meeting of shareholders of the Company must decide on the merger and its effective date. Such general meeting will decide by resolution adopted with no quorum requirement and at a simple majority of the votes validly cast at such meeting.

34.3 Notwithstanding the powers conferred on the board of directors by the preceding paragraphs, the shareholders of the Company or any Sub-Fund may also decide on any of the mergers or absorptions described above and on their effective date thereof. The convening notice to the general meeting of shareholders will indicate the reasons for and the process of the proposed merger or absorption.

The shareholder of the class of shares concerned will be informed of the reorganisation by way of a notice and/or in any other way as required or permitted by applicable laws and regulations.

35.2 Notwithstanding the powers conferred on the board of directors by the preceding paragraph, the shareholders may decide on such reorganisation by resolution taken by the general meeting of shareholders of the share class concerned. The convening notice to the general meeting of shareholders will indicate the reasons for and the process of the reorganisation.
